Dear Mr. McClellan:

Thank you for taking the time to speak to me about your concerns of Lake Tahoe's clarity. I have reached out to Leo Drozdoff, the Director of the Department of Natural Resources and Conservation, regarding the information you passed along to me. He has informed me that the Tahoe Regional Planning Agency will be in contact with you to further discuss your concerns and interests. Thank you again for approaching me with your concerns, as it allows me to look for better ways to serve you and the other citizens of the great State of Nevada.

In the future, I hope you will continue to keep me informed of matters that are of interest and concern to you. I welcome information from constituents and truly value your viewpoints. Thank you again for contacting my office.

Sincere regards,
